

CB&Q/C&S/FW&D TEXAS ZEPHYR

-From a Dr. Tom Hughes photo

Inaugurated in 1940, the streamlined *Texas Zephyr* ran from Denver to Fort Worth and Dallas. Operated by Chicago, Burlington & Quincy subsidiaries Colorado & Southern and Fort Worth & Denver, the train was equipped with Budd-built streamlined stainless steel chair cars and an observation dining-lounge car. Sleeping cars were, however, rebuilt streamlined heavyweight cars. The Coach Yard will offer north and southbound version of the 9-car *Texas Zephyr* with full-width diaphragms, as well as a number of additional individual cars in HO scale, FACTORY pro-finished: lettered and painted with interiors as per prototype. See your friendly Coach Yard dealer and make your reservations now!
